Because the founder of RJBSTUDIO, Joost Buitenweg, himself is an actor and has a lot of experience and is qualified to teach drama, the first steps were quickly made. For his acting career Joost is often nominated and awarded. His acting experiences together with his teaching abilities has developed, in cooperation with other directors and casting agents, to become a unique method with which everybody can get a chance to become an actor.

Our courses are always taught by professionals and are always focussed on the daily 'acting-practice'
After every course we provide you with a personal DVD and a professional evaluation.

In our trainings we do not only focus on your acting skills but also on auditioning, presentation, scene study, improvisation, acting techniques, camera presence, continuity, voice training, and so on. After our trainings we can offer coaching, advice and career management.

In all our trainings your personal development is our main focus. We can do this because we only work in small groups of 8-10 people. Because of this we can offer more results than others.

That our approach is a successful one speaks out of the reactions of our students and of the fact that a lot of our students now have an acting career of their own.

For example; our students now are starring in: GTST, SamSam, ONM, Spangen, Gooische vrouwen, Oceans 12, 16 miljoen rechters, van Speijk, Topstars, and lots more.

Kind regards,
